How Does Insurance Work in our Office?

Most insurance plans can be used in our office. Our staff will gladly call your insurance company to verify your benefits, and then review them with you.

We do not have PPO agreements with most insurance plans used by our patients. We will submit your insurance claims directly to your insurance company. You will not need to submit yourself. We will wait for reimbursement from your insurance company. Your responsibility will be only your deductible and ESTIMATED co-pay, which will be due at the time of your visit.

Your co-pay is only an ESTIMATE. You will be responsible for any unpaid balances, which your insurance does not cover.

If you have not paid the balance within 30 days, there will be interest accrued at 21% per annum on the balance due. In addition, there will be a \$5.00 service charge per statement.
